September, 2021

Dear 7th & 8th Grade Parents and Guardians:

It is the time of year that we begin to entertain the fact that your children will be starting his or her high school career in the very near future. This is an exciting time in your child's education as they begin to take the next step in their educational journey that will help prepare them for the life and career that awaits them as adults.

As you may know, residents of Estell Manor have the option to attend one of three public school programs. These schools are: Atlantic County Institute of Technology, Buena Regional High School, and CharterTech High School for the Performing Arts. All three options are offered as a tuition-free, public school program for anyone living in Estell Manor. If you are interested in investigating the option of your child attending a Choice District for high school, please visit <https://www.state.nj.us/education/choice/districts/> for more information.

It is my pleasure to make you aware of up-coming presentations from Atlantic County Institute of Technology, Buena Regional High School, and CharterTech High School for the Performing Arts where you and your child can learn more about each school in an effort to help you make the very important decision of where to attend high school. By attending these information sessions, you and your child will be able to make the most informed decision regarding high school options. The transition to high school is an exciting time in a young adult's life, and the goal is to assist families in making the best decision for their child.

If you have any questions, please do not hesitate to contact me. Thank you, and I look forward to helping to facilitate the high school transitional program for your child.

Sincerely,

Jill Marie Kuppel

Jill Marie Kuppel, M.A., School Counselor
Estell Manor School District
